

Our Goal is to provide exceptional Adult Day Services that enriches the lives of our Members and provides peace of mind for their caregivers and families. Our licensed therapists have over 55 years of geriatric rehabilitation experience. We provide Personal Care, Delicious Meals, Fun Activities and Exercise to promote and extend personal independence.

When you arrive at Naperville Senior Center, you are warmly greeted by our receptionist, or one of our other staff members.

Reception & Lobby

Security: Key Card Access 1

Each Member or guest is escorted through a double secure gateway to our dining area. This security is important to keep all our Members safe while they are visiting us.

Dining Center

Just past the dining area, our main room will be used for games, crafts, Wii programs, exercise, music, and shuffle-board, just to name a few things

our Members can do during the day. Since it is a large room, there will be multiple activities in progress at the same time. We measure Member's walking distance on our two-lane in-door walking track.

Performing Arts Center

Fitness Center

Walking Track

We also have a computer center with three stations so our Members can keep in touch with family and friends as well as learn a little more about the internet and all it has to offer.

Computer Center

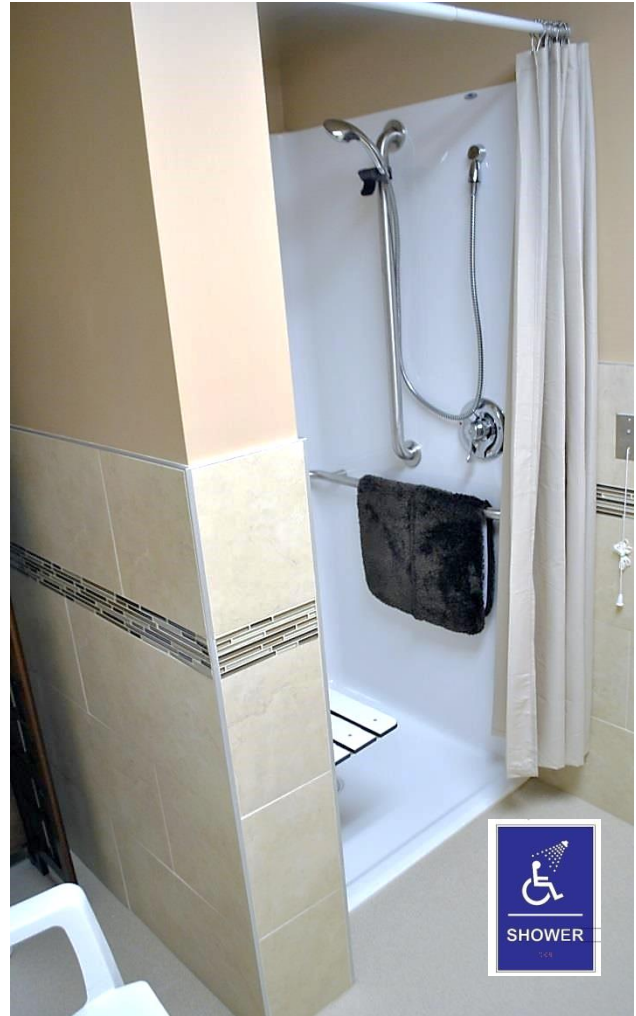

Quiet Room

Off in the back corner is our 'quiet' room which includes a work station for our Registered Nurse. We know that seniors sometimes need to take a break during the day. There are

recliners and a couch in this room for our Members to take a nap or just rest quietly. The walls are sound-proofed, so the activities in the main room won't disrupt those in the quiet room.

On the other side of the main activity room are the restrooms and shower facility. There are times when older adults come home from a rehab facility to a house that only has a second floor shower they cannot easily access. We want to give our Members the opportunity to take a shower if they cannot do so elsewhere. (By the way, our whole facility is 100% handicap accessible, so there are never issues with anyone getting around.)

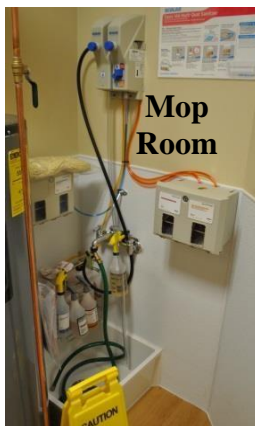

Then there is our sweet break room. We prepare our meals each day with seniors' nutrition in mind; giving our Members a hot, nutritious lunch, as well as healthy snacks throughout the day. We want our Members to experience that 'Home Away From Home' feeling all day long while they are with us.

The last couple areas of Naperville Senior Center are offices for staff, as well as a mop room complete with a state of the art soap dispensing system and a full size stacked washer dryer to ensure any type of accident or spill can be quickly dealt with.

We know how you feel about leaving your frail or disabled loved one home alone. Other families felt the same way. Once their loved one became a Member, they found it was the right choice.

Location: Corner of Naper Blvd & Ogden Avenue
